REMARKS

The Examiner has required election under 35 U.S.C. §121 among the species: a button with an alignment post; a button having means for reducing lateral motion; and a button having a means for reducing wobble.

In response to the restriction requirement, the Applicant hereby provisionally elects without traverse the species of a button having an alignment post, claims 1-13 readable thereon, for further prosecution on the ments. Applicants make this election based on the understanding that Applicants are not prejudiced against filing one or more divisional, continuation, and/or continuation-in-part applications that cover the non-elected claims.

Respectfully submitted,
